

Product Change Notice (PCN)

Date: 1/23/2020

PCN Number: PCN-0460571R-01

To Our Customers:

We appreciate your use of CUI Devices products. Our commitment in maintaining and improving processes is demonstrated by plans to enhance our product quality, reliability and manufacturability. The purpose of this notice is to inform you of a product change.

Product(s) Affected: PJ-008A, PJ-008B

Reason(s) for Change: The existing mold of PJ-008 items have been used for a long time, and unable to maintain efficient production. To ensure the quality and lead time of production, a redevelopment of the mold is in progress. We have taken this opportunity to also optimize the product design to enhance quality.

Description of Change: New mold will optimize the design and enhance the appearance. The electrical structure and function will remain the same. Comparison photos are below:
